

Misalignment Tool

Unit out of alignment?

No problem, the WSI misalignment tool can help correct vertical deficiencies in your tree up to 5° any direction. This adjustment can potentially reduce a significant amount of cost in stuffing box packing, manpower and overall service costs per well.

The **NEW** 5K misalignment tool allows for corrections on 5000 PSI hookups

Connections		
Box (UP)	Pin (Down)	Polished Rod
2 3/8" EUE	2 3/8" EUE	1" – 1 3/4"
2 7/8" EUE	2 7/8" EUE	
3 1/2" EUE	3 1/2" EUE
